- ♦ Knowledge in the areas of reading readiness, science, math, cooking and geography
- * Nature inspired activities

WOODEN PONY PRESCHOOL

It is the philosophy of the staff of the Wooden Pony Preschool to provide a nurturing educational opportunity for the young child.

Our goal, as enthusiastic highly qualified teachers, is to guide each child, helping the child progress to the best of his or her ability in all areas of social, emotional, intellectual and motor skill development while building a happy positive self esteem.

An inquisitive science based Wooden Pony curriculum is enhanced through monthly field trips to science, art, theater and nature destinations. Parents are invited to attend our field trips and festive preschool parties.

Through the equestrian program students learn to kindly care for and respect the gentle horses. Students gain balance, strength and flexibility as they master the skill of riding at a walk in a fenced area.

The Wooden Pony Preschool will be an exceptional and gratifying experience for your son or daughter.
